The image shows a document page where the vast majority of the text has been redacted with thick black horizontal bars. The redactions are applied to nearly every line of text, leaving only a few small, illegible fragments visible. The layout appears to be a standard text document, but the content is completely obscured by the redaction process.

A document page with extensive black redaction bars covering the text. The redactions are in the form of horizontal black bars of varying lengths, obscuring the content of the document. The bars are distributed across the page, with some appearing as single lines and others as blocks of text. The overall layout suggests a document where sensitive information has been removed for public release or archival purposes.

The image shows a document page where almost all text has been redacted with thick black horizontal bars. The redactions are organized into several distinct blocks. At the top, there are three lines of redacted text. Below these, there is a larger block of redacted text consisting of five lines. This is followed by another block of three lines of redacted text. Then, there is a single line of redacted text, followed by another single line. A significant portion of the middle of the page is covered by a large block of redacted text spanning seven lines. Below this, there is a single line of redacted text, followed by another single line. Then, there is a single line of redacted text, followed by another single line. A single line of redacted text appears on the left side of the page. This is followed by a single line of redacted text, and then another single line. The bottom of the page is covered by a large block of redacted text spanning five lines.

The image shows a document page where the vast majority of the text has been redacted with thick black horizontal bars. The redactions are organized into several distinct groups, each consisting of multiple lines of text that have been completely obscured. The only legible text is a single line at the bottom of the page that reads "Page 1 of 1". The redacted sections vary in length and are distributed across the entire page, leaving very little of the original content visible.

**Abstract**—The purpose of this study was to determine the effect of a 10-week training program on the heart rate (HR) and heart rate reserve (HRR) of sedentary middle-aged men. The subjects were randomly divided into two groups: a control group and an exercise group. The exercise group performed a 10-week training program consisting of three sessions per week. The control group did not exercise. The HR and HRR were measured at rest and during maximal exercise at the beginning and end of the 10-week period. The results showed that the exercise group had a significant decrease in HR and HRR at rest and during maximal exercise compared to the control group. The control group had no significant change in HR and HRR. The results suggest that a 10-week training program can improve the cardiovascular fitness of sedentary middle-aged men.

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

1. The first step is to identify the problem. This involves understanding the current situation and what needs to be changed.

20 PRESIDENT KOLODZIEJ: The DEP letter.  
21 Anybody have any questions on the three-month  
22 extension?

23 Joe, is there anything else that we need  
24 to know?

25 MR. BELLA: It's pretty straightforward,

1 self-explanatory.

2 COMMISSIONER BAZIAN: I just want to ask a  
3 question.

4 PRESIDENT KOLODZIEJ: Go ahead.

5 COMMISSIONER BAZIAN: George, I need you  
6 for this.

7 I don't understand what it is about this  
8 letter that puts this under closed. I didn't want  
9 to discuss it before. Why is this item in closed?

10 We're talking about the DEP letter. This  
11 isn't a contract issue.

12 MR. HANLEY: The extension?

13 COMMISSIONER BAZIAN: Yes. Why is it  
14 being discussed in closed?

15 MR. HANLEY: Well, I don't know. I didn't  
16 put it on.

17 PRESIDENT KOLODZIEJ: But I think George  
18 explained that, suppose I had a question about  
19 something that the Commissioners said to him that  
20 needs to get back to us that's not ready to go to  
21 the public yet. So I think George was preparing  
22 for the eventuality.

23 We answered everything in the public  
24 session that's public information. And you just  
25 protected our right to be in a closed session.

1 MR. HANLEY: There might be questions --  
2 excuse me.

3 PRESIDENT KOLODZIEJ: I'm sorry, George.

4 MR. HANLEY: There might be questions  
5 about that whereby you would want to oppose it,  
6 contest it.

7 COMMISSIONER BAZIAN: And, again, why is  
8 that not in public session?

9 MR. HANLEY: Because it's your --

10 COMMISSIONER BAZIAN: Which specific  
11 exception under the law does that fall under?

12 MR. HANLEY: It comes under two sections  
13 really; potential litigation and contractual  
14 negotiations.

15 COMMISSIONER BAZIAN: Question answered.

16 MR. HANLEY: Both of which are, you know,  
17 acceptable.

18 COMMISSIONER BAZIAN: I don't see the  
19 contractual; I do see the potential litigation.

20 MR. HANLEY: The ACO that's in affect, we  
21 signed, we consented to it. I view it as a  
22 contract as well as a regulatory order.

23 COMMISSIONER BAZIAN: All right.

24 MR. HANLEY: We consent to it, therefore,  
25 it's consensual.

1 PRESIDENT KOLODZIEJ: I think George was  
2 wise to cover that. Nobody has a question. We're  
3 moving onto public session.
