RESOLUTION #20 - 08

RESOLUTION OF PASSAIC VALLEY WATER COMMISSION

Date of Adoption: JANUARY 15, 2020

Approved as to form and legality by the Law Department on basis of facts set forth by Yitzchak Weiss, Comptroller/CFO.

Introduced by Commissioner SANCHEZ _____;

Seconded by Commissioner COTTON _____.

Whereas, the Passaic Valley Water Commission (hereinafter "PVWC") has funds segregated for Self-Insurance, Meter Deposits, Contingencies, Bond Construction/Project Fund, Renewal and Replacement Reserves, Operating Reserves, Debt Service Reserve and other funds (collectively, the "Funds"); and

Whereas, the Funds are invested in authorized investments for time periods of up to one year or deposited into interest/dividend bearing accounts; and

Whereas, PVWC is exercising its best efforts to maximize investment returns earned on said funds; and

Whereas, the ability to invest with all New Jersey banking institutions covered by the Governmental Unit Deposit Protection Act ("GUDPA"), N.J.S.A. 17:9-41 et seq. does not necessarily enable PVWC to seek the best possible rates; and

Whereas, LFN 2017-24 from the New Jersey Division of Local Government Services permits investment in certain municipal debt obligations for a period of not more than 397 days; and

Whereas, the PVWC General Bond Resolution limits the term on certain investments to no more than one year; and

Whereas, PVWC, with the input of its financial advisor, has determined that a fiscally responsible limit on such investments so as to diversify holdings would limit any one credit to \$5,000,000;

Now therefore, be it resolved, by PVWC, in the County of Passaic, New Jersey:

That the Comptroller/CFO of PVWC is hereby authorized to invest the Funds (i) with any New Jersey banking institution covered by GUDPA and (ii) in short-term obligations of New Jersey government agencies and entities outlined in LFN 2017-24 which have (A) a final maturity date that is not longer than 12 months from the date of purchase in the case of any Funds that are subject to the General Bond Resolution and 397 days otherwise (but if longer than 12 months, the maturity shall approximate the prospective uses of the funds invested) and (B) a minimum issuer investment grade rating of "A3" or "A-" (or equivalent) by Moody's, Standard and Poor's, or Fitch or a recent bond issue so rated. A rating of the bonds or notes is not required. The phrase "short term obligations" includes bonds which have a maturity or redemption date of no longer than 12 months from the date of purchase. The PVWC may jointly purchase any such investments with any municipality, county or authority that is authorized to make such investments. The CFO is hereby authorized to seek the assistance of the PVWC's financial advisor and/or bond counsel when making such purchases and is directed to diversify the PVWC's investment in such notes

and bonds, so that no more than \$5,000,000 of PVWC funds be invested at any time in any one note or bond.
