

Passaic Valley Water Commission

Ability to plan and coordinate workflows for a large chemical laboratory and develop effective work procedures. Must be able to lead assigned staff, plan, organize and implement chemistry-related projects. Ability to write reports and scientific articles.

Education:

Bachelor's Degree in a natural or physical science, including or supplemented by twenty-four (24) credit hours in chemistry and/or biochemistry which shall have included a minimum of six (6) credit hours in analytical chemistry.

NOTE: Applicants who do not meet the above educational requirements but possess the specialized credits outlined above may substitute additional experience for the remaining education on a year-for-year basis. A Master's degree in chemistry may be substituted for one (1) year of experience. A Doctorate degree in chemistry may be substituted for two (2) years of experience.

Experience:

Three (3) years of chemical analysis work in a public health or chemistry laboratory. Experience in leading a team, writing grant applications and reports and monitoring grant spending.

Submit resume and cover letter to: careers@pvlc.com
Please include Chemist 3 in the subject line.
