Subject: Adopting Policy to Control Ingress and Egress of Vehicles at Levine Reservoir Property Post-Construction of the Levine Tanks Contract

The County of Passaic is requiring the Commission to adopt a formal policy to control the ingress and egress of vehicles at the Commission's Levine Reservoir property post-construction of the Levine Water Storage Tanks to enhance traffic safety within the county roadway at the intersection of Grand Street and Reservoir Avenue, Paterson, County of Passaic, New Jersey.

Passaic County will allow the Commission to maintain current intersection configuration post-construction as a condition of obtaining approval for Project if said policy is adopted by PVWC.

A flagger shall be utilized for safety and control of vehicles requiring ingress and egress from the site driveway adjacent to the Grand Street and Reservoir Avenue intersection post-construction of Project.

Flagging procedures shall be in accordance with the MUTCD (Section 6E) and NJDOT's work zone safety set-up guide. The flagger is intended only to manage conflict points along Reservoir Avenue and will not supersede the signalized operation at the intersection itself.

It is in the best interests of PVWC to adopt said policy to enhance traffic safety post-construction of said Project.
