Re: Contract No. 14-B-28 (Re-Bid) "Support Services for Customer Service and Billing"-Two (2) Bids Received

Notwithstanding solicitation of bids to potential bidders, no bids were received by Passaic Valley Water Commission ("PVWC") on June 24, 2014 for Contract No. 14-B-28 "Support Services for Customer Service and Billing", the bid documents were modified, and the contract was subsequently re-solicited for bids.

Notwithstanding solicitation of bids to potential bidders, in the second solicitation for bids, on July 29, 2014 two (2) bids were received by PVWC for Contract No. 14-B-28 (Re-Bid) "Support Services for Customer Service and Billing".

The Law Department has requested that an explanation be provided regarding why only two (2) Bids were received for this re-bid, Contract.

The advertisement for this Contract and the posting of the said notice on PVWC's website were properly accomplished. In addition, following the solicitation for bids for the re-bid Contract, five (5) entities purchased sets of bid documents prior to the stipulated bid date. The goods and services specified in the bid documents are not proprietary and in cases where specific products and/or methods are named in the bid documents, the specifications clearly state "or equal" products and/or methods will be considered if offered by the Contractor.

The bid environment is subject to many factors, many of which are not subject to the direct knowledge or control of PVWC. These services are provided by a relatively limited number of bidders willing to satisfy PVWC's public entity bidding requirements, thereby limiting the number of bidders qualified and capable of performing the required Work.
