Date: January 24, 2020
To: Applicants, Contractors, Prospective Water Customers
From: Passaic Valley Water Commission (PVWC) Engineering Department
Re: Preliminary Project Review for Water Service

Plans shall be submitted to the PVWC at the time of initial application to the municipality. The plans may be emailed to applications@pvwc.com with a summary of the project scope. Only the information pertinent to the water service and other utilities, including construction details, need be submitted. A 'will serve letter' will not be provided unless specifically requested by the applicant.

For projects not requiring site plan review, the above information shall be submitted prior to, or at the time of, zoning or construction permit application.

PVWC preliminary project review applies to both new construction and renovation projects.

There is no fee for project review and the review is independent of the Application for Water Service. Please visit the Passaic Valley Water Commission website at:

<https://www.pvwc.com/customer-service/forms-applications/>

for the various application forms required by PVWC when applying for water service.

For questions or additional information contact the PVWC Engineering Department at 973-340-5589.

Administrative Secretary
Louis Amodio

Executive Director
Joseph A. Bella

General Counsel
George T. Hanley
